PROFILE

Creative Graphic and UI/UX Designer with hands-on experience in branding, digital creatives, and user-centered interface design. Strong in visual design principles, typography, and layout design with practical skills in wireframing, prototyping, and building intuitive mobile experiences. Proficient in Adobe Creative Suite, Figma, and Canva with a basic understanding of front-end development to support design-to-development collaboration.

PROFESSIONAL EXPERIENCE

Graphic Designer

Kaizen Infoserve Pvt. Ltd, Bangalore — May 2025 - Present

- Design 30+ social media creatives, posters, and marketing visuals for digital platforms, improving brand consistency and engagement.
- Create print and digital design assets using Adobe Creative Suite and Canva
- Support branding and promotional work for Integrated Hospitality and Rotary Club Bangalore 3191.
- Collaborate with marketing and design teams to deliver high-quality, on-brand visuals on time.

Web Developer Intern

Code bind Technologies, Trichy — July 2023

- Assisted in front-end development using HTML and CSS.
- Collaborated with designers to convert Ul layouts into responsive web pages for an Online Shopping System.

UI/UX designer Intern

Shanthi IT Solution, Chennai — August 2024

- Contributed to Ul structure and layout improvements.
- Supported responsive design and usability enhancements to improve user experience.

PROJECTS

E-Commerce App/ Wedding planner Website - UI/UX Design (Figma)

Designed end-to-end mobile app experience including user research, user flows, wireframes, high-fidelity screens, and reusable components with a clean and intuitive interface.

Online Shopping System

Designed Ul layout and developed front-end using HTML and CSS with backend integration (PHP, MySQL) to build a fully functional online shopping system.

Key Logger (Cyber Security Project)

Python-based system to monitor and record keyboard events for security analysis and learning purposes.
